Dear Mr. Brown:

I am delighted to report that The Texas A&M University System Board of Regents has enthusiastically approved the naming of the Virginia C. Brown Atrium and the Craig and Galen Brown Engineering Honors Program, a decision with which we at Texas A&M wholeheartedly agree!

This highly visible atrium and the honors program will be constant reminders of your family's continued support and will benefit students, faculty and visitors to Texas A&M University for years to come. As President, I know that the level of excellence Texas A&M has achieved in virtually all areas—and the tremendous promise of even greater impacts across the state, nation and world moving forward—are possible in large part because of the generous support of former students and other friends of this great university.

Again, we are pleased to honor you and your parents, Virginia C. Brown and Galen T Brown, with these important additions to our campus.

With warmest regards,

*Mike*
